## Two Luxury Vessels

MD1 accommodates 35 passengers and the MD2 takes 60. Each boat is furnished with high quality, comfortable seating beside expansive windows and there are toilet and bar facilities on board. There is ample outdoor seating and space to take photos on deck.

The boats are skippered by long-term locals who provide interesting and informative commentary, happily answer questions and even take photos of passengers at the helm. Reasonably-priced wine, beer and soft drinks are available for purchase on board.

## Sightseeing

There are two cruises daily lasting 90 minutes each and departing at 11am and 2pm. From October to April we also offer a 4pm cruise.

The trip starts in Queenstown Bay and cruises alongside the Queenstown Golf Course then up past Kelvin Heights (million dollar views of million dollar homes) and through the scenic Narrows and Willows with close up views of fish and native birds. The boat then turns back along the Frankton Arm with views of interesting architecture, including old holiday homes, modern apartments and luxury mansions.

Sightseeing cruises retail at \$25 per person and are commissionable at 15%. Prices are valid until 30 March 2013.

## Charters

Either boat is available for private charter at the nett rate of \$400 per hour up until 10pm.

Catering can be arranged from a nearby restaurant or we can prepare barbecue meals on board the MD2.

A surcharge may apply if the charter runs through a scheduled sightseeing cruise.

## Transfers

Million Dollar Cruises offer lake transfers between the town centre and the Hilton Hotel and Frankton Marina - a great way to occupy groups between flight arrivals and hotel check in.

Transfers are priced at \$25 pp, commissionable at 15% and include a sightseeing cruise with informative and topical commentary.
