Lakefront Dining

Prime is a modern restaurant with stylish decor that includes local art, an open fire and curtains that can be moved to create private areas or removed for large functions.

Panoramic lake and mountain views can be enjoyed through Prime's floor to ceiling windows and there are two entrances - one from the Lake Wakatipu walkway next to the main town pier and one on Rees Street that includes a lift.

Prime's a la carte menu is built around char-grilled steaks, seafood and game; our chef has also prepared a comprehensive range of canape, finger food, buffet, plated and degustation menus.

Private Functions

We welcome exclusive bookings for dining or cocktails. For group of 40 or less, Prime's private, curtained area has lake and mountain views.

Meetings and Conferences

We offer day delegate packages with or without catering. Prime has a data projector and screen, black-out curtains, mixing desk (suitable for speeches and background music), open-air balcony for breakout and an elevated stage. Additional conference facilities are available on request.

For meetings Prime accommodates 120 classroom style and 150 theatre style.

Capacity and Cost

- Banquet style : 180
- Cocktail format: 250
